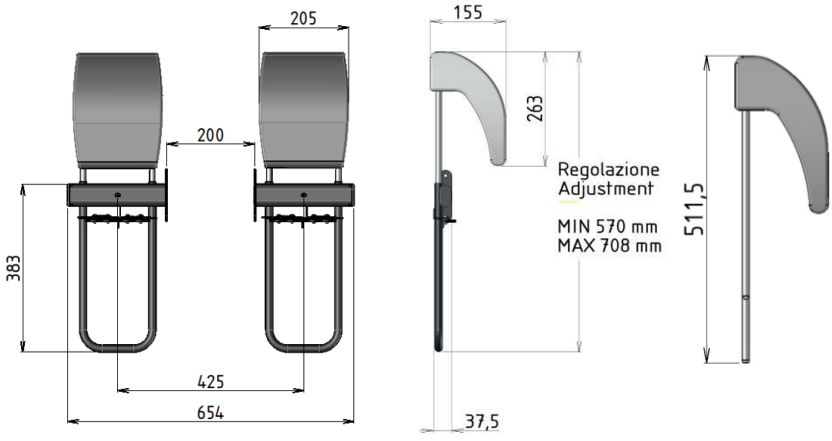
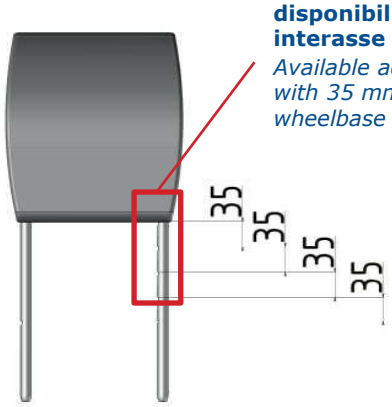
Leva per sgancio ed estrazione poggiatesta
Headrest release and removal lever

Leva per regolazione
Headrest adjustment lever

Il kit poggiatesta schiumato per struttura interna da 158 mm è compatibile con le strutture CTA. Il sistema di blocco consente 5 posizioni di regolazione, ognuna a 35 mm dall'altra permettendo così un ampio range di regolazione. E' dotato di due leve: rossa per l'estrazione, nera per la regolazione in altezza.

The foamed headrest kit for 158 mm internal frame is compatible with CTA belt frames. The locking system allows 5 adjustment positions, each spaced 35 mm apart, thus providing a wide adjustment range. It is equipped with two levers: the red one for removal and the black one for height adjustment.





Regolazioni disponibili con interasse 35 mm
Available adjustments with 35 mm wheelbase
